Vision Record 3-Channel Tractor Kit

3-CHANNEL 4G RECORDABLE KIT FOR TRACTOR UNITS

PART No. SL-0002-BE

A pre-configured 3-channel 4G recordable camera kit, supplied with everything needed for a professional installation. Cameras record continuously to a solid-state mobile digital recorder with GPS, giving you clear evidence, remote access over 4G and a 7″ in-cab monitor for safer manoeuvring.

- 3 cameras recorded to a 4G mobile digital recorder
- 1 TB solid-state storage · 4 analogue + 4 IP camera inputs
- 7″ in-cab monitor for live views
- Forward and twin side cameras for tractor units

Pre-configured recordable kit · ready for professional installation

PRODUCT MARKINGS CE

3 cameras RECORDED CHANNELS	**1 TB SSD** SOLID-STATE STORAGE	**4G** REMOTE ACCESS	**GPS** LOCATION & SPEED
7″ monitor IN-CAB VIEW	**9–32 V DC** 12 V & 24 V	**Geofencing** REMOTE ALERTS	**Complete kit** READY TO INSTALL

Built for commercial fleets

HGVs & tractor units · Vans & LCVs · Buses & coaches · Refuse & municipal · Tankers & bulk · Construction vehicles

Protect drivers
Multi-angle footage helps defend against false and exaggerated claims.

Footage without the legwork
Request clips over 4G instead of retrieving drives from vehicles.

Supplied as a complete kit
Pre-configured and provisioned, ready for professional installation.

Why Vision Telematics

- **Expert support** — Help from our specialist team
- **Commercial grade** — Built for working fleets and assets
- **One platform** — Vehicles, cameras & assets, one login
- **One partner** — Hardware, connectivity & software

Features & benefits

FEATURE — WHAT IT DOES	BENEFIT — WHAT IT MEANS FOR YOU
Multi-camera recording Forward, side, rear and load views recorded continuously to solid-state storage.	**The full picture** Clear evidence of what happened all around the vehicle.
4G remote access View live footage and download recordings remotely over the mobile network.	**No trips to the vehicle** Investigate incidents the same day from the office.
Solid-state drive 1 TB SSD with no moving parts for reliable in-vehicle recording.	**Footage that survives the road** Recording continues through vibration and impacts.
7″ in-cab monitor Live camera views for the driver, with rear camera for reversing.	**Safer manoeuvring** Fewer low-speed knocks in yards and depots.
