Vision HFR 2-Camera System with Lighting

AI HUMAN-FORM RECOGNITION, 2 CAMERAS · LED SAFETY LIGHTING

PART No. SL-0005-PS

An AI human-form-recognition safety system that detects people — not general movement — across two blind-spot zones and warns the driver before a strike. Integrated LED safety lighting projects a visible exclusion zone for pedestrians. Built for construction, waste and industrial vehicles.

- AI human-form recognition across two blind-spot zones
- Escalating visual and audible in-cab alert
- Speed-gated for low-speed manoeuvring
- IP69K cameras with WDR and infrared
- LED red-line / boundary safety lighting

AI human-form recognition · for professional installation

PRODUCT MARKINGS CE

HFR AI PEOPLE, NOT MOTION	**2 cameras** 2 BLIND-SPOT ZONES	**Escalating** VISUAL + AUDIBLE	**IP69K** WDR + INFRARED
Speed-gated LOW-SPEED WORK	**–30 to +70 °C** OPERATING RANGE	**LED lighting** EXCLUSION ZONE	**Professional** INSTALLATION

Ideal for

- Plant & machinery
- Forklifts
- Refuse vehicles
- HGVs
- Tankers
- Construction vans

People, not motion
AI recognises human forms to cut false alarms.

Escalating warnings
Visual and audible in-cab alerts as risk increases.

Built for site life
IP69K cameras for day, night and poor weather.

Why Vision Telematics

- **Expert support** — Help from our specialist team
- **Commercial grade** — Built for working fleets and assets
- **One platform** — Vehicles, cameras & assets, one login
- **One partner** — Hardware, connectivity & software

Features & benefits

FEATURE — WHAT IT DOES	BENEFIT — WHAT IT MEANS FOR YOU
Human-form recognition AI recognises people rather than racking, pallets or general movement.	**Fewer nuisance alarms** Operators trust the alerts — and act on them.
Escalating in-cab alert Visual and audible warnings that escalate as a person gets closer.	**Time to react** Clear warning before a strike, not after.
Speed-gated activation Detection active during low-speed manoeuvring.	**Alerts when they matter** No distraction at travel speed.
IP69K cameras with WDR & IR Sealed cameras with wide dynamic range and infrared.	**Works day and night** Reliable detection in rain, dust and darkness.
LED safety lighting Red-line or boundary light marks the danger zone on the ground.	**Pedestrians see the risk** Keeps people out of the exclusion zone.

Technical specification

System specification

Detection	AI human-form recognition (HFR)
Cameras	2 × IP69K camera with WDR and infrared
Coverage	two blind-spot zones
Alerts	Escalating visual and audible in-cab warning
Activation	Speed-gated for low-speed manoeuvring
Operating temperature	–30 °C to +70 °C
Durability	Shock- and vibration-proof
Lighting	LED red-line or boundary warning light
Certifications	CE

Options & accessories

Options & accessories

SL-0014-PS	Red-line zonal truck light	SL-0027-PS	Thumbs-up / no-entry LED display
SL-0015-PS	Red LED zonal light	SL-0028-PS	Two-way switch panel
